# Bella Lash Frontend Exercise

Complete the following exercises (please note this document has multiple pages) and send your files to bruno@bellalash.com.
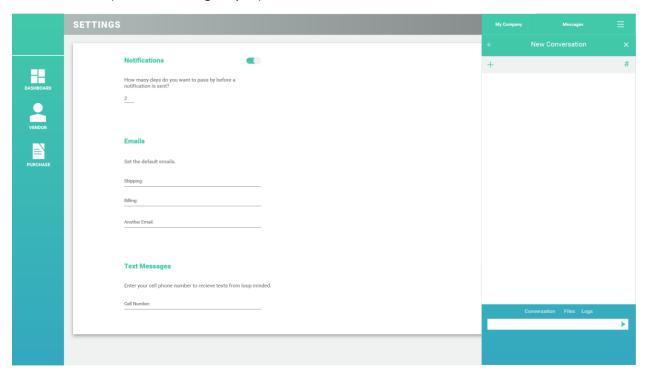

1- Using HTML, CSS and Javascript, build a page to replicate the following layout. Feel free to use frameworks and libraries, like Materialize (what we've used), Bootstrap, Jquery, etc.

2- For the page above, add a function for when the user clicks on the "Messages" link (top right) and the following block slides into view:

The final screen (with the messages open) should be like this:

For the icons on the left, you can use these links or other icons of your preference:

https://material.io/icons/#ic_dashboard

https://material.io/icons/#ic_person

https://material.io/icons/#ic_description

List of colors:

#41C9A9: green
#34A7C1: blue
#31977F: dark green
